GENERAL AND REVENUE SECRETARIAT

Serial Nos. 2 to 9

Part B for 1950

SUBJECT

Proceedings of the emergency Council Meeting held on 4.10.50 regarding to increase the salaries of the Class III Ministerial Services - Administrative Service

General and Revenue Secretariat

Proposal to increase the strength [illegible] Senior Asst. Commrs., Dy. Commrs. [illegible] on a pay of Rs.1,400/- p.m.

File No. [illegible] of 19 [illegible] WD [illegible] 30-7-50

Serial No. 597/C.B.

Council have resolved that a Cabinet Sub-Committee comprising the following may be constituted to consider the various points that have arisen in connection with the Integration of Services (Administrative and Police).-

1. Minister for Finance & Industries.
2. Minister for Revenue and Excise.
3. Home Minister.

The Chief Secretary will be the Convenor.

It is proposed to convene the above Cabinet Sub-Committee on Monday the 14th August 1950 at 11 A.M.

This note is circulated among the Members of the Cabinet Sub-Committee, with a request to indicate their approval, if the date and timing suggested would suit them and if it would be necessary to invite any Members of the Mysore Civil Services Association, for facility of consultation, on that date.

Reference:- Proceedings of the [illegible] General Meeting of the Mysore Civil [illegible] Association held in the Legislative [illegible] Hall on Sunday, the 9th April 1950.

Some of the members proposed to move a resolution requesting the Government to stay all proceedings regarding interview, selection etc. and to recommend to the Government of India to treat all the existing members of the Mysore Civil Service as members of the Indian Administrative Service. The resolution was ruled out of order and was not allowed to be discussed. It is for consideration whether any notice should be taken of this and whether the decision already taken and communicated to the Government of India may at this stage be reconsidered. This would involve a radical departure from the ~~approved~~ scheme approved by the Government of India and agreed to by the this Government.

On the other hand, it may be both necessary and desirable that steps should be taken to safeguard the legitimate interests and prospects of the existing members of the Mysore Civil Service who may not be selected to the Indian Administrative Service if on examination of the scheme it is found that adecuate steps have not already been taken or that enough safeguards do-not already exist in the scheme itself. In this view, it is proposed to examine in some detail the main features of the Indian Administrative Scheme as proposed to be extended to the Mysore State. It may be stated at once that some of the features of the scheme are still not

not quite clear and may not be so until the Special Recruitment Board actually makes the selection and it is definitely known (1) how many fail to secure selection to the I.A.S. (2) what is the final cadre strength for the State after including the "Central Deputation Quota" which has been asked for and which has been promised to be considered favourably, (3) how many posts remain open for being filled up by non-I.A.S. officers, (4) whether the legitimate rights of officers who fail in the selection have been affected adversely. It is suggested that a detailed examination of the two resolutions passed by the Mysore Civil Services Assn requesting (1) running grade pay going up to Rs.1,000 for all the members of the Mysore Civil Service who are not selected for I.A.S (2) certain pension rights to those who may elect to retire from service may be held over till the results of the selection to be made by the Special Recruitment Board are definitely known.

The Indian Administrative Service is a Service organised in 14 cadres, one Central and 13 State cadres. These 14 cadres conjointly maintained are intended to supply all the administrative officers required by all the Governments concerned in order to fill posts of or above the rank of District Magistrates and Secretaries to Governments of States and Deputy Secretaries to the Government of India. The object of the Service

is to maintain and where necessary introduce a standard of efficiency at the higher administrative level in the States comparable to that maintained at the Centre.

Other incidental purposes intended to be secured by the Scheme are:-

Direct:- The provision of adequate avenues of promotion for candidates recruited to

"A" The cadre strength fixed for Mysore State is given in the statement attached.

It is an essential feature of the Indian Administrative Service (Extension to States) Scheme that while senior posts in the States are encadred in the I.A.S. care should be taken to secure that the legitimate claims of existing incumbents of such posts are adequately safeguarded. It is accordingly provided that the existing incumbents of the posts to be encadred and all officers holding posts of similar status should be considered to be the first and primary source for recruitment to the State Cadre of the I.A.S. at its initial constitution. The following steps are prescribed to afford opportunities to existing incumbents to be absorbed immediately or gradually in the I.A.S.-

"H" (Annexure)

The Special Recruitment Board with which two nominees* of the Government of Mysore will be associated in an advisory capacity will interview all officers of and above the rank of Deputy Commissioners belonging to the Mysore Civil Service and

* (The Chief Secretary to Govt. and one other possibly the Chief Justice if he agrees)

and all Senior Assistant Commissioners and certain categories of Assistant Commissioners as per list attached, and assess their claims for inclusion in one or other of the following lists, viz.,

A

~~First~~ List.- This will contain the names of officers who are considered to be suitable for immediate appointment to the I.A.S. and will be immediately appointed to the I.A.S. in the State cadre concerned, subject to probation, if any.

B

~~Second~~ List.- This will contain the names of officers who though not up to the required standard immediately show sufficient promise to render it likely that they would attain such standard with further experience during a period not exceeding five years. Officers placed in this list will continue to hold their present posts but will not be absorbed in the I.A.S. immediately. Their work will be watched during the next five years and they will be absorbed in the All-India Service as a result of periodical reviews as and when they are found fit for the service. Those of them who are not found fit within the period of five years will either be reverted to posts outside the cadre of the I.A.S. or retire as the State Government concerned may think fit, unless they are also included in List III

C

~~Third~~ List.- This will contain the names of all officers who for good and sufficient reasons are shown to have developed a right to hold permanently one of the posts included in the I.A.S. cadre. Officers included in this list will continue to hold their present post or a post of equivalent rank until they retire. They will not be absorbed in the I.A.S. except as provided above. The posts to be held by officers included in Lists II and III will be excluded from the I.A.S. cadre for the period that they are required to be held by the existing incumbents and will revert to the I.A.S. cadre as and when they cease to be required for this purpose.

After the existing incumbents have been selected in accordance with the above procedure, the resultant gap if any will be filled by emergency recruitment.

~~The I.A.S. cadre of the State is to be normally maintained~~

The sanctioned scale of officers of

the Mysore Civil Service borne on the various cadres is as follows.-

I Heads of Departments.- 4+1

II. Deputy Commissioners (including Secretaries to Govt etc.) 17+1

III. Assistant Commissioners.- 86+6

Against these 115 posts, there are at present 171 officers holding them under various tenures, including Officers on other duty and thirteen supernumeraries in the last category.

As a result of the selection by the S.A.B. the number of officers to be absorbed into I.A.S. may either exceed the cadre strength or fall short of it. It is not easy to determine the number that may be selected, even approximately. If the number is in excess, the excess will be adjusted by short recruitment or no recruitment for a number of years. If the number falls short, emergency recruitment will have to be resorted to. In any case, the problem of those who may not be selected to the I.A.S. and whose rights and prospects may thereby be affected remains. As stated above, the number of such persons cannot be estimated even roughly at present. Even without taking this number into consideration, there is already a large number of officers included in the cadre of Assistant Commissioner

Here it may be remarked that although the number of junior duty posts included in the State cadre may be 4 or 6, the number of officers to be selected from among the Asst. Comrs. need not be restricted to or even related to this number. The Govt. of India have categorically stated that there is no objection whatever if the number of officers selected is in excess of the cadre strength, and in this view, have agreed to interview all the candidates proposed by this Govt. The excess over the authorised strength is proposed to be adjusted by short recruitment in future years. This would seem to suggest that there may be no objection to all the Asst. Comrs. going to be interviewed by S. R. B. being selected for I.A.S - provided they are found suitable.

both permanent and Acting whose ~~[illegible]~~ rights and prospects have been affected by the fact that they are not selected even for consideration by the S.R.B. A statement of such officers is attached. The list includes 15 permanent Assistant Commissioners and 30 Acting Assistant Commissioners Their chances of rising higher than Senior Assistant Commissioners are definitely ruled out and their prospects of rising to the position of Senior Asst. Commissioners may be slowed down or even completely blocked ~~[illegible]~~ depending upon the result of selection of the existing incumbents in the posts of Senior Assistant Commissioners to the I.A.S. The Acting Assistant Commissioners, in addition to the loss of advancement referred to above, may have their chances of confirmation as Assistant Commissioners reduced. The relief to be given to these officers, if any, is for consideration. Most of them are, however, officers who have risen from the ranks and did not have either the advantages of training or the rights of service usually reserved for Probationers.

As regards the officers who may not be selected after interview by the Special Recruitment Board, ~~[illegible]~~ guaranteed continuance their continuance

in their existing posts even though these posts may be included in the I.A.S. cadre is guaranteed. The loss of prospects if any arising out of non-selection cannot be easily estimated at present, but it may be stated in a general way that such loss can always be compensated in deserving cases by the grant of a personal grade pay, or by a personal allowance or by transfer to a non-I.A.S. cadre post carrying a higher grade pay. Perhaps this is also implicit in the scheme itself, namely, that such officers who will continue to hold I.A.S. cadre posts vihtout being absorbed into the I.A.S. will be allowed to have the I.A.S. grade pay until they retire.

All this and many other matters would become clear only after the Special Recruitment Board due to visit the State completes its work and the Government of India prescribe the further steps to be taken for the implementation of th Scheme. In this view, there may be no particular advantage in having the visit of the S.R.B. postponed - unless it is proposed to examine de novo the question of participation in the I.A.S. Scheme. If it is only a question of safeguarding the legitimate interests of the existing members of the M.C.S. this could

perhaps be done even more effectively, at any rate with clearer data, after the results of the S.R.B. selections are known.

The above draft note is put up for consideration. Owing to want of time and material for a more detailed study and examination of the Scheme, a more comprehensive note has not been put up, and some of the blanks have not been filled up.

"EXTRACT"

Chief Secretary to Government.

Proceedings of the Cabinet Sub Committee connected with the integration of Mysore Civil Service and Mysore Police Service with the I.A.S. and I.P.S. held in the Chambers of the Minister for Finance and Industries at 8-30 a.m. on 17th August 1950.

Present; The Minister for Finance and Industries.

Minister for Revenue and Excise.

Home Minister.

Chief Secretary to Govt.

(1) The proceedings of the previous meeting held on 13th August 1950 were read and confirmed.

(2) It was resolved that the question of the exact method by which promotions to vacancies reserved for the Mysore Civil Service Senior posts should be made from amongst junior officers selected for the I.A.S. or remaining permanently in the Mysore Civil Service, may lie over until selections are made.

(3) It appeared from the Ministry of States D.O. No. F. 23 (67)-S/49 dated 12th August 1950 that senior men of the Mysore Civil Service not selected for the I.A.S. may be promoted to I.A.S. posts to the extent provided for promoting Civil Service Officers in the scheme viz., 25 per cent of the vacancies arising.

The position of an Officer who does not offer himself for screening and selection will not be worse off than the person who appears for screening and does not get selected.

How far the prospects of officers who may not be selected may be made up, is a matter for separate consideration.

4. The resolutions of the Mysore Civil Service meeting held on 2nd August 1950 were considered seriatim and it was resolved as follows:-

i. The proposal to re-fix the number of senior duty posts is already before Government. The question of absorption of "super-numeraries" could be considered later,

ii. The present arrangement ~~restricting the field for selection to certain~~ defining the categories of Assistant Commissioners from out of which selection has to be made ~~only~~, may stand.

iii. It is clear that there can be no direct recruitment until all those officers surplus to the cadre are absorbed.

iv. Sub-clause (3) of para 2 of the Government of India letter dated 31st December 1949 makes it clear that the number to be selected for the junior posts need be limited only by the strength of the junior Civil Service cadre and so it may exceed the cadre strength even beyond 30 which has been agreed to, in which case all the selected men will have to be treated alike.

v. As regards the suspension of direct recruitment pending the absorption of all the initially selected persons, the present arrangement contemplates the same and there is no need for any further recommendation.

vi. The principles on which ranks have to be fixed as stated in the Government of Mysore letter dated 24th November 1949 and agreed to by the Govern

by the Government of India in their letter of 31st December 1949 viz., length of service, experience, training, quality of posts held and not merely pay which has been rather low in the State, may be ~~considered~~ re-investigated. In any case, the prospects of encadred officers (~~who~~ should not be less than they would otherwise have ~~had~~ been had they continued in Mysore Service and should not be made to suffer. Their ranking inter se should not also be disturbed.

The Sub Committee was of opinion that all other points that may arise may be duly considered and disposed of after the selections are made.

INDIAN ADMINISTRATIVE SERVICE.

(Extension to States) Scheme.

A BRIEF NOTE.

The participation of the States in the All-India Scheme of Recruitment to the Administrative and Police Services is a step towards the administrative unification of India.

For the initial Constitution of the State Cadre of the I.A.S. selection has to be made by the Special Recruitment Board from the existing incumbents of posts hereafter included in the I.A.S. cadre. This is considered essential as the principle of selection through a Competitive examination by a Public Service Commission has been recognised only in a limited way in the "States."

When the scheme was first considered by the Government of Mysore, it was felt that, as the Mysore Civil Service was a homogeneous service, it was not desirable to participate in the scheme except in a very limited way, that is, 25 per cent of vacancies arising in the junior scale to be filled up by candidates selected for the I.A.S. So far as the Police Service was concerned, the Government of Mysore was not at all in favour of participation in the I.P.S. Scheme.

As a result of certain discussions held with the States Ministry by the Chief Minister at the time of the Chief Secretaries' Conference at Delhi held in July 1949, and after examining the Scheme in some detail, the Government of Mysore communicated its consent to participate in the Scheme subject to the following conditions:-

(1) There is to be no Local Selection Board;

(contd.....

(2) In fixing the rank of the selected Officers, due consideration was to be given to length of service, training etc.

(3) By way of initial recruitment, after screening and selection up to 30 men to be taken against junior officers.

(4) Direct recruits allowed to the State to take their rank below junior officers initially recruited.

(5) Two representatives of the Government of Mysore to be on the Special Recruitment Board for selection of candidates from Mysore.

The conditions referred to above have been accepted by the Government of India, subject to certain observations. It has been stated that there is no objection to the total number of selections from the State Officers exceeding, if necessary, the cadre strength fixed for the State, the excess, if any, being adjusted in later years by short recruitment.

The following is the provisional cadre strength fixed for the Mysore State:

1.	No. of superior posts for the state ...	27;
2.	No. of posts for promotion at 25% of Col.1...	7;
3.	No. of superior posts for direct recruitment Col. 1-2. ...	20;
4.	Deputation reserve at 15% of Col. 3. ...	3;
5.	Leave Reserve at 11% of Col. 3. ...	2;
6.	Junior posts at 20.60% of col. 3. ...	4;
7.	Training reserve at 10.50% Col. 3. ...	2;
8.	Total strength at 157.19% of col.3 (for direct recruitment). ...	31.
9.	Annual recruitment at 5.4% of Col. 3....	1.08.
10.	Total strength (cols. 2 and 8). ...	38.

This cadre strength requires to be revised in view of ~~the~~ certain changes which have since taken place, eg., reduction in the number of district charges, representations of Mysore Civil Service Officers etc.

The Special Recruitment Board was requested to postpone its proposed visit to Mysore with a view to allowing time for the Government of Mysore to consider the representations submitted by the M.C.S.Officers.

A recommendation was then made to the Government of India that all the 36 senior officers and 25 junior officers of the Mysore State Civil Service may be exempted from appearing before the Special Recruitment Board. This was followed by personal discussions

by the Hon'ble Minister for Finance and Industries with the Government of India and a request was made to the Government of India to denute to Bangalore one or two Officers of the Home Ministry to explain the implications of the scheme which were not clear in some respects.

The Government of India have categorically stated that they are unable to accede to the procedure indicated by this Government and have urged that the Special Recruitment Board should first be invited to visit the State without further delay and that after the interviews are over all the cases passed by the C.P.S. but Govt may be examined.

The representations of the Mysore Civil Service Officers have been gone into in detail by a Cabinet Sub-Committee and its recommendations are before the Cabinet.

SKMR 20/8/50

The C.M. has also discussed this matter with the centre during his visit to Delhi during 18th - 20th Aug. 1950.

Proceedings of a meeting of the Cabinet Sub Committee connected with the Integration of the Mysore Civil and Police Services with the Indian Administrative and Police Services held at Race View Cottage at 3 P.M. on 13th August 1950.

*****

PRESENT

1. Minister for Finance and Industries
2. Minister for Revenue
3. Home Minister
4. Chief Secretary to Government

Important correspondence relating to the I.A.S. Scheme were read.

1. After discussion, it was resolved that a firm recommendation be made to Council to fix the number of senior duty posts at 18 as noted below:

1. 9 Deputy Commissioners in charge of Districts.
2. 7 Secretaries to Government.
3. 2 Heads of Departments (Revenue Commissioner in Mysore, Excise Commissioner in Mysore).

2. As regards the number of posts to be encadred in the Police Service, it was resolved that the number previously indicated be revised and fixed at 9 as noted below:

1. Inspector-General of Police
2. One Deputy Inspector-General of Police
3. 6 District Superintendents of Police

3. It was resolved that the question of the proportion fixed for promotion to the I.A.S. cadre from among M.C.S. Officers may be considered after a decision is taken regarding the revised number of posts to be included in the I.A.S. Cadre for the State.

The meeting adjourned at about 5-15 P.M. to meet again and for discussing finalising the remainin

remaining points ↑ Dpr. 14/8

THE MYSORE CIVIL SERVICES ASSOCIATION

Encl/. proceedings copy.

PUBLIC OFFICES,
BANGALORE.

Dated April 15, 1950.

To

Shri K. SRINIVASAN, B.Sc.,
Chief Secretary to Govt. of Mysore,
Bangalore.

Sir,

An Emergency General Meeting of the Mysore Civil Services Association was held on 9th April 1950 at 9.30 A.M. in the Legislative Assembly Hall, Bangalore. The following two resolutions were passed by the House.

(A) While taking note of the fact that under the Integration Scheme a certain number of higher posts are open to the members of the State Service, the House feels that the number is not adequate, that the prospects and emoluments of the services be considerably improved, and requests that a running scale of pay upto Rs.1,000/- be fixed for all the members of service who are not selected to the I.A.S.

(B) Resolved that in the case of Officers of the Mysore Civil Service who, on account of the limiting of their prospects as a consequence of the integration

...

PUBLIC OFFICES,
BANGALORE.

Dated.....

into the Indian Administrative Service desire to retire on account of change of conditions of service, or want of places, the officer may, as a measure of compensation be permitted to retire on a special pension equal to 3/4th of the average emoluments drawn byhim during the last completed year of service.

2. I enclose herewith a copy of the proceedings, and request that the same may kindly be brought to the notice of Government. I also request that orders of Government may kindly be obtained on the two resolutions passed by the House. The Association would be grateful if it is intimated of the action taken by Government.

Yours faithfully,

Veeranna Achary

President,
Mysore Civil Services Association.

15/4

Proceedings of the Emergency General Meeting of the Mysore Civil Services Association held in the Legislative Assembly Hall on Sunday the 9th April 1950 at 9 A.M.

Rajakaryaprasakta Sri V.Vedavyasacharya, B.A., President of the Association was in the Chair. Thirty eight members whose names are mentioned in the list enclosed were present.

2. The President in welcoming the members to this Emergency General Meeting stated that 24 members of the Association had sent a requisition on the 1st of March 1950 suggesting that a general meeting of the Association be held to discuss the following subject:

" THE FUTURE OF MYSORE CIVIL SERVICES vis-a-vis
THE INDIAN ADMINISTRATIVE SERVICES."

The Managing Committee on a consideration of this requisition had decided to call for this meeting in view of the fact that the subject was a very important one vitally affecting the interests of all the members of the Mysore Civil Services. He requested the members who had signed the requisition to explain what they wished to say about the scheme and indicate the points, if any, on which they desired information.

3. Sri H.L.Nage Gowda stated that clarification was needed on certain points and requested that the Chief Secretary may kindly give the main features of the scheme, to facilitate discussion by the members.

4. Sri K.Srinivasan referred to the copies of the summary (giving the general features of the scheme) which had been circulated to ~~may~~ many of the members of the Association. Proceeding, he said that the following categories of Assistant Commissioners would be considered by the Special Recruitment Board.

(1) All Senior Assistant Commissioners.

(2) Assistant Commissioners who have been selected either on the basis of a competitive examination or by nomination.

(3) Persons who were selected as Revenue Probationers and who have been promoted as Assistant Commissioners.

The number of these officers was nearly 82 and the Government

of India had very kindly agreed to select up to 30 [illegible] junior cadre of posts from among these Assistant Commissioners. He also explained that the number would not be restricted to the number of posts mentioned in the cadre for junior duty posts, and that all those persons who were found fit by the Special Recruitment Board would be appointed to the Indian Administrative Service, subject to the maximum of 30 persons. The initial pay of the person to be selected to the Indian Administrative Service was stated to be still under consideration. He also explained that an I.A.S. Officer would be liable to serve anywhere in India, but the usual practice was that a person in a State Cadre would continue to serve in the same State itself unless he was deputed to the Central Secretariat to work there for a period of 2 to 3 years; and if any interchange of officers is to take place between States, it might usually be among those States coming in the same language group. The Special Recruitment Board was expected to arrive in Bangalore by the end of April, but no definite information had been received when exactly it would arrive. Two representatives of the Mysore Government would be associated with the Board. The Officers who are not selected to the Indian Administrative Service Cadre would continue in the State Civil Service and be entitled to hold any post that the State Government may set apart for them.

5. After clarification was given on various points as mentioned above, a general discussion followed. Sri N.Puttarangaswamy, Sri A.N.Anantharamiah, Sri H.Raharaj Urs and others participated in the discussion. Some of the members expressed their opinion that the Government should have consulted the Civil Services Association before giving their opinion to the Central Government in the matter. It was explained that it was not possible for Government to consult the Association in this matter since discussion at that stage were confidential, but Government had given their very careful and anxious consideration to this matter and had viewed it from all ~~agles~~ angles to see that the prospects of the existing incumbents were adequately safeguarded. The Government of Mysore had sent a few counter proposals and the present scheme had been finalised after

discussion with the Government of India. The Chief Secretary pointed out that Mysore State had been given many concessions which had not been extended to the other States or Unions of States. Some of the members then expressed their opinion that a recommendation be made by Mysore Government to the Central Government to include all the persons now encadred in the Mysore Civil Service in the Indian Administrative Service.

6. Sri K.Chickanarayanaswamy expressed his opinion that the Mysore Civil Services had been constituted in a particular manner, and that it had distinguished itself in the past. He pointed out that the fair name of Mysore was built up by the Mysore Civil Services and that many of the retired officers of the Mysore Civil Service were eagerly sought after in other States. He was therefore of the view that there should be no selection and that all the Deputy and Assistant Commissioners in the Mysore Civil Service should be included in the Indian Administrative Service. After further discussion the House felt that it would be desirable that the proposition should be moved in the form of a specific resolution.

7. Sri K.Chickanarayanaswamy moved the following resolution:

" The members of the Mysore Civil Service Association Assembled in this general meeting have considered all aspects and clarifications given in regard to the proposed scheme for integration of the M.C.S with the I.A.S and wish to place on record their considered opinion that the proposed shutting out of all key-appointments in the State to a vast majority of the members of the M.C.S. involves a radical departure from existing conventions, rights and obligations and has had disastrous effect on the prospects of the very Civil Service that built up the fair name of Mysore in the past. They therefofe humbly and respectfully request the Government of Mysore to uphold the rights of present Civil Service employees by staying all proceedings regarding interview, selection, etc., and moving the Union Government to treat all present members of the M.C.S. as members of the proposed I.A.S. The Association members agree however that they have no right to object to implementation of other parts of the scheme such as the mode of future recruitment, selection of the deputation quota etc., reported to have been accepted by Government."

It was duly seconded by Sri B.T.Kempanna. Sri E.V.Ganapati Iyer raised a point of order. He said that the resolution as now tabled would go counter to the orders of Government and he pointed out that as the Government had already agreed to the scheme, it would not be open to the Association to propose an amendment of the same.

His view was that the situation arising out of the acceptance of the Mysore Government to participate in the Indian Administrative Service should be considered and that agreed steps should be suggested for safeguarding the prospects of members who may not be selected into the Indian Administrative Service.

After a discussion the President drew the attention of the House to Article 312 of the Indian Constitution which relates to the constitution of All India Services. He also pointed out that in the communication sent the officers, the Government had definitely stated that they had agreed to participate in the I.A.S. scheme and to establish a cadre of the I.A.S for the State in the same way as other States have done. The Resolution sought to reopen the entire question which had been settled between Mysore Government and the Central Government in conformity with the general scheme of integration applicable to all States and State Unions. He therefore upheld the point of order and disallowed the Resolution.

8. The following resolution was then moved by Sri N.S. Hiranannayya and seconded by Sri N.Lakshmana Rau.

" While taking note of the fact that under the Integration Scheme a certain number of higher posts are open to the members of the State Service, the House feels that the number is not adequate, that the prospects and emoluments of the services be considerably improved, and requests that a running scale of pay up to Rs 1000/- be fixed for all the members of service who are not selected to the I.A.S. "

The Resolution was unanimouly accepted by the House.

9. The following resolution was then moved by Janab Vazir Ahmed and duly seconded by Sri A.N.Anantharamiah.

" Resolved that in the case of officers of the Mysore Civil Service who, on account of the limiting of their prospects as a consequence of the integration into the Indian Administrative Service desire to retire on account of change of conditions of service, or want of places, the officers may, as a measure of compensation be permitted to retire on a special pension equal to 3/4th of the average emoluments drawn by them during the last completed years of service."

This Resolution also was unanimously passed by the House.

10. Sri K.Srinivasan speaking after the resolutions were accepted, assured the members of the House that the interests of

all the members of the Mysore Civil Service were in the safe keeping of the Government and that they had bestowed a great deal of thought on the subject before agreeing to participate in the Indian Administrative Service Scheme. He was quite confident that the Government would continue to do every thing in their power to safeguard the interests of the members of the Mysore Civil Services. He also pointed out that the I.A.S.Scheme was applicable to all the States in India according to a plan drawn up by the Government of India and that it may not be possible to make an exception in the case of Mysore. In fact, the Government of Mysore were, after protracted negotiations, able to get a few concessions like (a) having two local representatives on the Board, (b) interviewing nearly 82 junior officers and (c) selecting persons up to 30 in the Junior cadre if found fit. He was also confident that the members of the Mysore Civil Services would continue to distinguish themselves in all spheres of activity and that there was no reason for being pessimistic.

11. The President in his concluding remarks observed that the meeting had served a very useful purpose and he hoped that the doubts which had been agitating the minds of members had been resolved. He was also hopeful that the two resolutions passed by the House would receive the earnest consideration of Government.

12. The President then mentioned that as regards the Quarterly General Meeting which had been proposed to be held on the 23rd at Shimshapur, only 8 persons had intimated their desire to attend the meeting. In vew of the poor response, it had been decided to cancel this meeting, and hold it at a later date which would be intimated to the members in due course.

13. Janab M.Rahmathulla proposed a vote of thanks to the President for the able manner in which he conducted the proceedings and to the Chief Secretary who had kindly and lucidly explained all the details of the scheme. He also thanked the members who had

participated in the discussion and those who had come from the mofussil to attend the meeting. The meeting then came to a close.
